NRC# 1193930 - Warehouse Fire in Parkersburg, WV

Warehouse fire that started at 0100 hrs on 10/21/17. EPA notified by NRC at 1700 hrs. Contacted WVDEP Rusty Joins for update on situation and to offer assistance. Materials located inside the warehouse included supersaks filled with plastic pellets and 100 drums of resin. Other materials also possible. WVDEP and County requested assistance in air monitoring – mainly particulate monitoring. START was deployed to the scene with 5 data rams to assist with the monitoring

No evacuations or shelter-in-place although residents are being asked to stay inside.

Receiving significant media coverage in the West Virginia and Pittsburgh areas.

Local reports state fire could burn for a few more days.

Duty Officer is monitoring situation. No OSC deployed yet.
